The motto “WE SERVE” is so rewarding!!

After the tornado on May 22, 2019 the Eldon Lions went to work to help their community in any way possible. You will see a “thank you” from a very grateful citizen and a letter submitted from a Eldon Lions Club member. When disaster strikes, we all come together as one and work for our communities.

Oh what a great feeling it is to serve!

Thy thanks to the Lions Club -
In my 91 yrs of life
I'd have used many ways
and many people to do special
gifts of kindness & provision for me.
Thank you so much for your
kindness & thoughtfulness to me &

We Serve

Dr. Kathy Vetter-Bisges

The Missouri city of Eldon suffered extensive damage after an EF1 tornado went through the community on Wednesday night, May 22. As stated in an article by Fox News, "The twister started just before 11 p.m. southwest of Eldon and tracked for 13 miles. The storm packed winds of 104 miles-per-hour. The Eldon Mayor said that the tornado damaged countless homes in the city of 4,900 residents, but only one man in a truck that was flipped by the twister was hurt."

The Eldon Lions Club has been serving the community for 90 years and during this disaster the Lions Club (as well as other local service groups) went into action at the Community Center temporary shelter. The Lions group began the process of feeding the displaced and those who were affected by the devastation. Many Lions spent the first 72 hours providing local relief until national organizations were able to set up stations in Eldon to provide their own specialized assistance.

One of the Lions members, Dr. Kathy Vetter-Bisges, is a veterinarian in Eldon. Her practice is Lake Pet Hospital and has been in Eldon for over 30 years. Dr. Kathy's practice employs 5 other veterinarians and treats small animals, exotics and birds in the Eldon and surrounding lake community. The practice is very involved and devoted to working with all of the animal rescues and shelters in our area.

When it was learned that pets were also arriving at the shelter, Dr Kathy and her staff came to ascertain the needs of the pets. The dogs were as terrified as their owners. Dr Kathy talked with the pet parents and offered to keep any pet, free of charge, at her facilities and care for them until the owners were able to decide what is to happen.

Many of the homes and apartments had extensive damage and the immediate housing future was in limbo. Dr Kathy, along with her staff, assessed what vaccinations were needed, as well as any other health needs of each animal, and then provided that care. In addition, Lake Pet Hospital broadcasted on social media that if any animals were affected by the storm, they were welcome to stay at her hospital, free of charge, until arrangements could be made.

Dr. Kathy and her staff also sent out a request for donations for dog and cat food, as well as additional items for the imminent needs. She said that the response was immediate and generous. Dr. Kathy said "The outpouring of love and concern for one another and the pets is amazing. Within 30 minutes of our plea, we had donations rolling in....and still do. So far we have acquired over 3,000 pounds of dog/cat food and 200 pounds of cat litter. We are still accepting food, as well as a few other items that are needed such as, bottled and jugged water, litter boxes, pet dishes, and collars/leashes. We are accepting donations at our veterinary hospital and will help distribute them to needy folks and their pets. In addition, we are distributing food and supplies to our local shelters and rescues that are working with us in the relief efforts."

Dr. Kathy feels very fortunate that her hospital was spared. The damage was merely 2 blocks away from her facility. "We were without electricity for a couple of days, but that's about it." We were merely inconvenienced for a few days. My heart goes out to the people that lost so much." Dr. Kathy's hospital was called upon for help following the deadly tornado in Joplin several years ago. It certainly is not something that she wants to be familiar with, but now feels better prepared to serve her community.

WHERE THERE IS A NEED, THERE IS A LION and Dr. Kathy and her veterinary staff did just that! Eldon is grateful and appreciative of her dedication to our pets - just ask any of the Eldon pet parents!

Lions Code of Ethics

- **To Show** my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.
 - **To Seek** success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.
 - **To Remember** that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.
 - **Whenever** a doubt arises as to the right or ethics of my position or action towards others, to resolve such doubt against myself.
 - **To Hold** friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.
 - **Always** to bear in mind my obligations as a citizen to my nation, my state, and my community, and to give them my unswerving loyalty in word, act, and deed. To give them freely of my time, labor and means.
 - **To Aid** others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.
 - **To Be Careful** with my criticism and liberal with my praise; to build up and not destroy.
